# Interview with Zain!

## So, is Zain your full name?

Yes, Zain is my full name. I don't have a middle name.

## Where are you from?

I am from Johannesburg in South Africa. It is known as the city of gold because of all the gold mines that used to be there, but most South Africans just call it Joburg or Jozi.

## How many languages can you speak?

I can speak English & Japanese. I also studied A\_\_\_\_\_ at school but I don't have a chance to speak it much these days.

## What's your favourite food?

I love spicy food like Thai, Indian or M\_\_\_\_\_ food. I will try almost any food that is spicy!

Try to fill in the answers or ask Zain!

## What do you do in your free time?

Besides spending time with family I love music. I have a huge CD collection and now I am collecting vinyl records. It's a little expensive but I think they sound great and look really cool too. I sometimes play the d\_\_\_\_\_ but I'm not very good at it.

## If you were a superhero, what would your superpower be?

It would be cool to be able to teleport. Then I could sleep in and just teleport to the place I needed to be and I would never be l\_\_\_\_\_!

## Love or money?

Definitely love. It's the most v\_\_\_\_\_ thing you can receive or give.

# Canadian Cherry Blossoms

You might be thinking that spring in Canada would be a very cold, icy time. Depending on the area, you might be right. But in Vancouver, on the west coast, some people might be shocked by a very familiar sight – cherry blossoms. Since 2006, Vancouver has held its own cherry blossom festival every spring. The festival celebrates the arts and culture of Vancouver with performances and competitions and many free events. It is also an opportunity for people to appreciate the 43,000 cherry trees in the city. In the 1930s, Vancouver received a gift of cherry trees from Japan as a way to honour the Japanese Canadians who fought in WWI, and cherry trees are now a significant percentage of the trees in the city.
