

RAVEN - Lesson 4 post-study

Watch the TED-Ed video “**How false news can spread**” and answer below.

1. Put the steps of circular reporting in the correct order.

Step 1:

Step 2:

Step 3:

*Publication B shares this news.
Publication A uses publication B as evidence.
Publication A prints false news.*

2. Which example of circular reporting is discussed in the video?

- A. A single false report was the basis of multiple nations' support for the 2003 Iraq war.
- B. A single discredited scientific report inspired an anti-vaccination movement.
- C. A single English Wikipedia edit created the idea that the modern environmental idea もったいない comes from the *Genpei Jōsuiki*

(Note: all of these are real-life examples of circular reporting)

3. What advice does the video give?
